## COMPANY REPORT CARD

Detailed assessments assist in developing company growth and direction. The eEnterprise EKG report card pinpoints an organization's capabilities and constraints while evaluating organizational alignment and readiness.

In less than 45 minutes, our assessment allows leaders to identify critical issues and focus on their business priorities.

The Report Card displays the organization's overall performance score and compares your organization to over 4,800 other companies in our national database.

Bring detailed insight to 20 of your commercial clients **TODAY!**

*How do your commercial clients compare to 4,800 other companies nationwide when it comes to Strategy, Design and Culture? How in-depth do your commercial clients know their employees?*

**YOUR CLIENTS GROW, YOUR BANKING RELATIONSHIP GROWS.**

### VISIONShop The Bankers Growth Tool:

VISIONShop is a detailed set of assessment tools that evaluates organizations and their employees to enhance business growth opportunities. VISIONShop provides 20 of your commercial banking customers and prospects with:

- Insights into the company's Organizational Strategy, Design and Culture using a Company Report Card
- A detailed profile of all their employees using DISC and Motivators assessment tools
- On site results delivery and sharing session in a half day seminar with representatives of all participating companies delivered by a strategic business consultant

*Building Business Better through insight and action.*
